About Learners Chess:

Our **Learners Chess Mission** is to teach the game of chess to help children develop intellectually and socially, and to foster leadership skills. We are a local non-profit organization, founded in 2010 by local organizer and chess educator, Victor Lopez.

All **Learners Chess Coaches** go through a strict background check process, are experienced chess learners and teachers, and all love working with kids!

Studies have shown a wide array of benefits for kids who learn chess. Positive outcomes range from better grades, to improved test scores, to improved executive functioning and reasoning skills.

WIN COOL CHESS PRIZES!

LEARNING CHESS BENEFITS ALL LEARNERS!

...especially children aged 7 to 12!*
